Dear Sir,

If you are unable to deal with this inquiry personally I would ask you pass it on to the appropriate department. I sent an e-mail in connection with it around three years ago but received no reply from your media relations department.

On February 26, 1996, a police officer in Palm Beach stopped a motorist, issued her a ticket, and she drove off. This woman went on to make a serious and clearly totally unfounded allegation against this officer. The full clip can be found at this url:

<https://www.falserapetimeline.org/false-rape-1710.html>

I would like to obtain the following information:

To confirm the date of the encounter.

The date of her allegation.

The outcome of the case, namely if she was prosecuted, and if not, why not? If yes, what as the outcome?

I have access to contemporaneous American newspapers through *NewsBank* but can find no mention of it.

Additional information:

When were dashcams first introduced by your department?

Details of false allegations of sexual assault (including rape) against your officers.

I realise this is a lot to ask but I am particularly interested in the 1996 encounter for the database.

Yours Faithfully,
A Baron
